

Paddles Up for Port Townsend Pickleball

From the time we formed the Port Townsend Pickleball Club, it has been our goal to actively pursue the establishment of permanent, pickleball-only courts in Port Townsend. Our Board has never wavered from this goal. We now have an opportunity to take a huge positive step in this direction. After an exhaustive search, we have secured an excellent location. Mountain View is already dedicated to recreation activities for all ages, including an adjacent dog park. It is a location where we are not likely to disturb neighbors, be limited to playing only a few hours a day, or be subject to closures for other uses, like at the high school.

We also have a supportive partner in the City of Port Townsend. We have signed a Donor Agreement between the City and PTPC giving the Club permission to hire a contractor for the upgrade. The Agreement includes an MOU specifically stating that the Club can run its programs at the newly renovated Mountain View courts.

Thus, after two years of dedication by our members, we have a superb opportunity to achieve a major goal of the club. Now, in order to take the final step toward this goal, we need to provide sufficient funding support in a timely manner. If we miss out on this opportunity, it will be extremely difficult to find a comparable opportunity in coming years.

We are asking pickleball players to pledge their support. We estimate the cost of the project to be \$35,000. It includes resurfacing the concrete slab at Mountain View for two pickleball-only courts and a third court with a roll-away portable net. The third court would be multi-use, with a basketball goal and lines for both pickleball and basketball, and it would be accessible to the YMCA for its youth programs. Paint, nets, fencing, insurance, etc., are also included in the cost. (See attached budget and drawings.) Can we count on you for your support?
